Dear Ms. Shealy:

Thank you so much for coming and speaking to the Alpha Delta Pi chapter at Georgia Tech. Safety is certainly a huge issue for all us, and especially as we are living in downtown Atlanta! Everyone really benefited from your presentation. I have had countless members tell me how informative and entertaining the session was. Your tips and safety techniques are such vital skills for all women to understand, but I know that personally that I knew very little about any of these skills before your presentation. You are a very influential speaker, and while I hope that none of us will ever be faced with a situation that we will have to use the techniques you discussed with us, I feel more confident in my abilities to ward off an attack because of your wonderful program.

Please know that you are welcome anytime and we would absolutely love to see you again. I hope that this program is something that we can continue annually.

Sincerely,
