February 15, 2005

Retta,

The members and staff of the Kennesaw Curves would like to thank you for sharing your time, knowledge and talent with us. We learned so much from you during the *Safety, Awareness and Empowerment for Women* seminar. It is so important to be reminded that we, as women, are responsible for our own safety.

Your seminar was very informative. We heard some frightening statistics to prod us out of our complacency, the need to always be aware of our surroundings, reviewed situations that make us vulnerable, and also learned some techniques to protect and defend ourselves.

We appreciate the time and effort you put into the presentation. Thank you for your continuing effort to inform women about their personal safety.

Sincerely,

Linda Watts
Asst. Manager
