July 28, 2004

To Whom It May Concern:

It gives me great pleasure to recommend Women's Safety Education for your group. My staff and I recently underwent their training program. The instructor was very knowledgeable and took a serious approach towards Women's Personal Safety. We all went away with knowledge and techniques which could be put to use immediately. The importance of "personal safety" was placed backed in the forefront of our minds.

Sincerely,

  
Willie Knight  
Practice Administrator
