Norcross, Georgia 30092

Dear Retta:

On behalf of the entire B'nai Torah Sisterhood Board of Directors, we want to extend our deepest thanks to you for your presentation on self-defense and women's empowerment at our Annual Opening Brunch held on September 18, 2005. There is no doubt that your message, which you delivered so powerfully, is an important one and one that needs to be communicated. The ladies at the Brunch were overly impressed with your techniques and tips on women's safety. Your many safety products were also a huge hit and reminded us that there are many simple and inexpensive ways that we can protect ourselves.

Thank you again for taking the time to share with us how to be smart and aware! We hope that we will be fortunate enough to invite you back for a more comprehensive program in the future.

Sincerely,

Ilene W. Berman
